Lorena Chessell of XS Interiors. The property had such beautiful features we did not want the furniture or the colour scheme to overpower the rooms and we wanted to create a feeling of simple sophistication. With this room to furnish Lorena focused on using differing tones on a fabric, a variety of textures and finishes, and kept open legs instead of solid sides and minimal ornamentation. The use of materials allows for future changes to be made very easily in a home by simply changing the accent colour. Redding or blue could just as easily have been used here in place of white in an other elegant, neutral or just dark and contrast. XS Interiors on 0141 362 0010
